Dear Ms Chandler,

It was very good to meet you last month and have the opportunity to learn more about the good work that Restorative Justice has already done and is continuing to do.

I can absolutely see the value in the victim and offender meeting face to face to try and deal with tensions before the justice system needs to get involved and I believe that this is beneficial for both parties, in the process of dealing with the crime that has taken place. It is clear from reading the feedback that victims and offenders alike agree that this is a step in the right direction.

I found our meeting extremely informative and I very much look forward to hearing more about your progress in the future. I fully support the important role Restorative Justice plays in society.

Kind regards,
