Dear Deborah,

Thank you for your further email.

I copy below a quote for the use of RJ Working:

"I am a keen supporter of Restorative Justice and am pleased that RJ Working, a new Community Interest Company set up for this work in Cornwall, are pioneering this approach in the Duchy.

'Restorative Justice enables safe and supported communication between people involved with harm resulting from crime or conflict, helping both parties. It is embodied in the Victims Code introduced by the Government in December.

' I look forward to the further development of Restorative Justice in Cornwall and to supporting this growth. RJ Working has the potential to make a real difference to lives blighted by crime and I will do all I can to see its services benefit more and more local people.'

I hope this is helpful, do let me know if I can help in any further way at the current time.

With kind regards,

Sarah
